

We are changing for you!

We are changing for you!

For 20 years we have been listening to the advice and comments of specialists, expanding our knowledge and moving with the times, changing just for you! Over the years, we have made external and internal changes, which resulted in a new logo, new graphic design, high-quality packaging. But it is not everything. For years, we have focused on quality - we improve our recipes, introduce new products to the market, meeting the expectations of the 21st century.

We are handing over to you a catalog full of attractive products and new products. There you will find a section devoted to nail styling from the preparation of the nail plate, through styling and its proper finishing. A separate section is devoted to body and hand care. This part is dedicated to white cosmetics, which will find its application in a home SPA or beauty salon.

We believe that our products will meet with great interest, and the modern technologies used in production, combined with the effectiveness of operation, will meet your expectations.

Join our #jestemperfect group and stay up to date with the offer by subscribing to the newsletter on our website www.perfect-lady.pl

Advantages

perfectly matte finish exceptional durability scratch resistant

Hybrid Lacquers Gel-Lac

Hybrid Lacquers Gel-Lac

Gel System NAIL ART

www.perfect-lady.pl

GelSystem Led/UV

The self-leveling properties of the gels allow you to work practically without the use of a file - a skillfully applied gel arranges itself properly on the nail plate. Based on modern technologies, gels have been created, which, thanks to their properties, provide exceptional comfort at work. The Perfect Lady gel system has been prepared to work on a form, tips and to strengthen the natural nail plate.

GelSystem Led/UV 2in1 super clear

LED / UV gel 2in1 super clear pink is a combination of a building gel and a strengthening base. It is self-leveling, transparent 10/10, with a density of 6/10 and a delicate pink shade.

UVG-2in1-SC-15, cap.: 15 ml UVG-2in1-SC-50, cap.: 50 ml

GelSystem Led/UV high gloss clear

Self-leveling UV / LED gel, transparent, with a density of 10/10 and a delicate blue shade. It gives a high gloss finish. The LED / UV high gloss clear gel is easy to work with and has an optimal consistency that ensures pleasant working comfort. It has a dispersion layer, it shines beautifully after washing with a cleaner

UVG-HG-C-15, cap.: 15 ml UVG-HG-C-50, cap.: 50 ml

Acrylic Gel System A'rcyGel

NAIL ART

www.perfect-lady.pl

A'rcyGel

A system that combines the features of gel and acrylic. A'rcyGel can be used with UV gels and hybrid varnishes. The work is facilitated by easy and quick application to the natural nail plate, as well as to the form or template. It does not run off to the epidermis, stays where you put it on, and hardens with a UV / LED lamp. A'rcyGel provides strong, flexible, light nails. It is odorless and does not produce airborne dust.

Acrylique advantages

durability strength hardness on extremely thin, uneven nails

Gel advantages

flexibility
no unpleasant smell
without monomers
easy to apply

Acrylic Liquid

There is no acrylic styling without a good **acrylic liquid**. Our acrylic liquid is **acid-free**. It allows for a very short hardening time of the acrylic mass, enabling quick and efficient work. The improved formula of the liquid provides **increased adhesion** and prevents crystallization of the acrylic mass. The liquid has a **low odor emission**, which makes it easier to do the job. It can be combined with any acrylic powders, even colored ones, because it ensures maximum color saturation. Gives decorations protection against yellowing and fading.

Advantages

increases traction
prevents crystallization of acrylic mass
reduced odor emission
ensures maximum color saturation
protection against yellowing
great flexibility

Brushes

A professional brush is an indispensable attribute of every stylist. Properly selected not only speeds up work, reduces product consumption, but also increases the comfort and convenience of work. The **correct shape** of the handle is very important when using a brush. That is why we offer **two variants** of the finish, a **wooden** one with a profile that makes it easier to hold the brush in your hand and a **steel one** with a folding handle for safe storage and transport. The applied assembly and **gluing technology** prevents the bristles from falling out even during long-term use.

Brush Care

Brushes are one of the most important tools of every stylist, which is why it is so important to take care of them and keep them clean. Their service life largely depends on how we care for them. Our brushes are taken care of by **BRUSH CLEANER protection & longer use**. Not only quickly and thoroughly removes acrylic, gel and acrylic gel from a brush. Applied before styling with acrylic mass, it **increases the elasticity of the bristles** and reduces the consumption of acrylic fluid.

increases the elasticity of the bristles!

Nails Preparation

MUST HAVE in the world of styling is our **Ideal Trio**! To create the perfect styling, professional preparation of the nail plate is extremely important. To meet the requirements of stylists, we have created the unusual Ideal Trio, which **extends the durability of styling**, increases the adhesion of the applied mass to the nails, and **protects** them **against the development of microorganisms**. All this in an acid-free formula.

HelpLIQUID+ step 1

A liquid containing ingredients that protect nails against the growth of microorganisms. It is recommended to use it before each nail styling, especially with problematic nail plates, susceptible to fungal infection.

NP-HL-15, cap.: 15 ml

NailPREP step 2

A liquid degreasing the nail plate and increasing the adhesion of the coating on the nail. It can be applied several times and it dries quickly. It cleans and dries the plate, preparing it for digestion by NailPRIMER.

NP-NP-15, cap.: 15 ml

NailPRIMER step 3 BESTSELLER

An acid-free liquid that etches the surface of the nail plate, increasing the quality and durability of styling. It is recommended especially in the case of problems related to air in and poor adhesion.

NP-NAP-15, cap.: 15 ml

NailPRIMER step 3+ D-Panthenol + vitamin E

A liquid etching the surface of the nail plate increasing the quality and durability of styling. Enriched with D-Panthenol and Vitamin E. It is recommended especially in the case of problems with airing and poor adhesion.

NP-NAPV-15, cap.: 15 ml

Disinfection

Before starting work, the most important thing is to ensure the safety of both the client and the stylist! That is why it is so important to use preparations with strong **disinfecting**, **antibacterial and antifungal properties**. We present our reliable products with which the sense of security reaches a new level!

bactericidal properties against strains

Pseudomonas aeruginos Escherichia coli Staphylococcus aureus Enterococcus hirae

fungicidal properties against strains

Aspergillus niger Candida albicans

FreshSPRAY

A spray for skin, tools and surfaces with ingredients that have disinfecting properties. It has a very pleasant watermelon smell. It includes, among others ethyl alcohol, triclosan and isopropanol, which show disinfecting, antibacterial and antifungal properties.

NP-FS-250, cap.: 250 ml

FreshGEL

Skin cleansing gel without water, with ingredients that have disinfecting properties. It has a very pleasant watermelon smell. It includes, among others ethyl alcohol, triclosan and isopropanol, which show disinfecting, antibacterial and antifungal properties.

NP-FG-250, cap.: 250 ml

Hybrid Remover

Hybrid Gel-Lac Remover cherry scent

A very effective, instant cleaner for removing hybrid varnishes and UV Soak-Off gels, which contains glycerin. It quickly dissolves subsequent layers, allowing the plate to be cleaned efficiently. It has a beautiful, long-lasting cherry fragrance.

CL-HR-175, cap.: 175 ml CL-HR-250, cap.: 250 ml CL-HR-400, cap.: 400 ml

Moisturizing Polish Remover

A very effective, instant remover for removing even the most durable nail varnishes. With longer contact, it will also be great at removing varnishes with glitter particles, which are sometimes a challenge to clean. It quickly dissolves subsequent layers, allowing the plate to be cleaned efficiently. Remover thoroughly cleans the nail plate preparing it for a manicure treatment. Its additional advantage is a pleasant, long-lasting aroma of cherries.

CL-MPR-175, cap.: 175 ml CL-MPR-250, cap.: 250 ml CL-MPR-400, cap.: 400 ml

Nail Cleaner

Nail Cleaner with orange oil is an essential product for gel, acryl-gel and hybrid styling. It contains sweet orange essential oil, which gives a pleasant, citrus scent. It prevents unevenness and lumps on the surface of the nail plate during styling. During the preparation of the manicure plate, a lot of dust is created, which if not carefully removed, may result in poor application of the manicure base. Nail Cleaner with sweet orange essential oil will remove dirt and dust from the nail plate.

The composition of sweet orange essential oil!

Dostępne pojemności:

CL-NC-175, cap.: 175 ml CL-NC-250, cap.: 250 ml CL-NC-400, cap.: 400 ml

Cuticles Softening

A beautiful manicure begins with well-groomed cuticles, so choose a preparation that can handle unruly, dry cuticles without any problems. Our preparations enriched with allantoin, D-Panthenol and vitamin E will not only soften the problem area, but also care for it, facilitating their trouble-free removal!

Cuticle REMOVER Liquid

D-Panthenol, vitamin E

Preparation for softening cuticles, facilitates their painless removal and cutting. In order to intensify the action, we added D-Panthenol and Vitamin E to the formula. Thanks to its strong softening properties, it will be perfect for developing cuticles in manicure.

NP-CRL-15, cap.: 15 ml

Cuticle REMOVER Gel

allantoin

Gel preparation for softening cuticles, facilitates their painless removal and cutting. The formula was enriched with allantoin for additional care. The preparation can be used before styling with acrylic and gel. The consistency in the form of a gel facilitates the application, does not spread.

NP-CRG-15, cap.: 15 ml

Nails Preparation

We offer a wide range of preparations necessary to create the perfect manicure, regardless of the method chosen. Their quality is particularly important because they prepare the nail plate before styling and complete it at the end. A HIT are our revolutionary products that accelerate the drying of the varnish, which work within 30 seconds of use

Fast Dry SPRAY / Fast Dry DROPPER

The paint drying accelerator shortens the paint drying time. Provides a perfect manicure finish. Works in 30 seconds, protecting the top layer. It protects the varnish against scratches and streaks while drying, and thanks to its oiling properties, it improves the appearance of the cuticles. It does not dull the color even when used on wet varnish. Preparation in the form of a spray or in a dropper.

NP-FDS-100, cap.: 100 ml / Fast Dry SPRAY PSL-FD-30, cap.: 30 ml / Fast Dry DROPPER

<u>Tip Glue</u>

Tip glue is used to attach tips to the natural nail plate. Optimally dense, does not spread on the glued surface. Optimally selected drying speed helps in fast and efficient work.

NP-TG-7, cap.: 7,5 g

Nails Care

Classic Bases and Tops

A revolution in the world of Perfect Lady! Discover our NEWS - Bases and Tops which, thanks to their breakthrough formula, change weakened nails beyond recognition!

Diamond BASE Coat

Contains a special formula with a microdiament that allows you to visually align the nail plate, prevents discoloration of nails caused by the application of colored varnishes and extends the durability of the manicure. Gives matte nails shine and protects them against external factors.

NC-DBC-15, cap.: 15 ml

Diamond TOP Coat

Top Coat gives a perfect manicure finish by creating a glossy film on the nail surface. It prevents yellowing and color fading, so we can enjoy the intense, saturated color of the manicure all the time. It improves the durability of styling and prevents chipping and bruises.

NC-DTC-15, cap.: 15 ml

Strong Glass BASE

the perfect solution for nails that need rest after a hybrid, gel, acrylic or acrylic gel. After application, the base visually smoothes out furrows and gives shine to matte nails. Provides a flexible, protective coating that strengthens the nails from the outside. The formula is rich in bamboo extract, which properly cares for the nail plate

NC-SGB-15, cap.: 15 ml

BASE & TOP titan power 2w1

Base and Top are necessary when styling with classic nail polishes, which is why we have created a multifunctional product - Base & Top Titan Power 2in1. It is used both for application under classic nail polishes, as a base, and as a top at the end of styling. The formula has been reinforced with titanium to increase the strength of natural nails and help protect against splitting of the plate.

NC-BTT-15, cap.: 15 ml

Nail Nourishment

Our Natural Essence Cuticle Oil oils are enriched with natural essential oils!

They nurture with greater strength! They are closed in a specially painted bottle to keep all the valuable ingredients inside. The light olive formula is easy to spread, leaving the nails beautifully shiny. It moisturizes the periungual cuticles and shafts.

Cuticle Oil Grapefruit

Natural Essence

Pielęgnująca oliwka do skórek i paznokci zawiera naturalny olejek eteryczny Citrus grandis. Produkt działa natłuszczająco na skórki i wały paznokciowe, a przy regularnym stosowaniu pomaga poprawić ich kondycję.

Cuticle Oil Rosewood

Natural Essence

Naturalny olejek eteryczny Dalbergia Sissoo Wood Oil nadaje oliwce prawdziwej wyjątkowości. Zamknięta w buteleczce bogata kompozycja zapachów rozpieszcza zmysły już przy pierwszym otwarciu. Poczuj wyjątkowość na własnej skórze!

Cuticle Oil Lemon

Natural Essence

Wzbogacona naturalnym olejkiem eterycznym Citrus limonum spodoba się wszystkim osobom, czerpiącym z życia jak najwięcej! Energetyzujący zapach oliwki przenosi w świat słońca, radości i zabawy!

Nail Repair

No more brittle, splitting plates! Time for strong, healthy and shiny nails! A well-chosen conditioner can work wonders! We offer conditioners with **keratin**, which is the natural building block of the nail. For people who need extreme action, we recommend our phenomenal **SOS Nails Oil Therapy**!

SOS nail oil therapy

Oil therapy intended for intensive nail care. The preparation contains a unique combination of 6 wonderful oils: sweet almond oil, avocado oil, jojoba oil, macadamia oil, argan oil and baobab seed oil. Serum in its composition has a precious ingredient - mastic gum.

NC-SOS-15, cap.: 15 ml

Nail Regenerating Gel

keratin, yeast extract, wheat extract and D-Panthenol

Regenerating gel for nails with a carefully selected biocomplex of active ingredients (keratin, yeast extract, wheat extract and D-Panthenol) provides intensive and comprehensive care of the nail plate. The product does not leave a film on the skin and is quickly absorbed.

NC-NRG-15, cap.: 15 ml

KeratinNUTRITION

elixir for dry&brittle nails

A nourishing serum in the form of a gel is the perfect solution for people who want to moisturize their nails and cuticles. To intensify the action, hydrolyzed keratin was added, D-Panthenol and yeast extract.

NC-KNE-15, cap.: 15 ml

After applying the conditioner, wait 30 minutes for all the ingredients to be absorbed!

Care HANDS & BODY

www.perfect-lady.pl

Le Parfum Grasse is a collection of perfumed cosmetics inspired by the world's perfume capital! The collection includes cosmetics that seduce with sensual fragrances, allow you to emphasize your personality and at the same time nurture you. Each lotion from the collection contains **shea butter** and **allantoin**.

3 fragrance notes

La Doucer

Dominant oriental notes, broken with a delicate rose, jasmine and accord of orange and bergamot

La Puissance

Fruity (peach) notes combine with floral (jasmine) and exotic (vetiver) notes

Les Félicité

Fruity and floral notes (bergamot, mandarin, rose, violet) intertwine with an air of elegance and originality (musk, cedar, vanilla)

Body Lotion with shea butter - a unique formula nourishes and pampers the skin, leaving it wonderfully fragrant. Check the amazing power of the shea butter and allantoin contained in the balm.

Les Félicité

La Puissance

Hand creams

shea butter ceramides vitamins A and E. allantoin D-Panthenol macadamia oil soybean oil

Cuticle Oils

shea butter vitamin A. Vitamin E

Mist perfume - You can enjoy your favorite perfume endlessly in the form of an interior mist. Ideally suited to a beauty salon or SPA, where customers will feel fully relaxed and pampered.

Aromatique series - is a collection of specially composed body and hand balms. The velvety formula of the skin-nurturing balms leaves it silky smooth. Thanks to the Shea butter content, the skin is additionally nourished and regenerated. It has a particularly beneficial effect on dry, low in lipids and poorly moisturized, flaky skin. Aromatique balms are ideal for pregnant women as they prevent stretch marks.

Hand & Body Balm

with silver - Aloes 250 ml

The balm with the addition of a silver glow perfectly illuminates the skin, shimmering in the rays of light. It blends beautifully with cool summer and winter skin types. It was created for people who love to shine and attract eyes!

A-HBB-AVS-250, cap.: 250 ml

Hand & Body Balms with gold

Balms with the addition of **golden glow** perfectly illuminate the skin, shimmering in the rays of light. They blend in beautifully with a warm shade of spring and autumn skin. On hot summer days, they emphasize the tan and prevent drying out, and during evening outings, they will make all eyes look at you!
